Mr. Paul Doyle
Petroleum Marine Consultants LLC
13833 Wellington Trace E4 #207
Wellington, FL., 33414

Dear Paul,

It is my extreme pleasure to provide a letter of reference for you and your company. In each of the projects that you performed for me in every case the professionalism of you and your staff showed thru and thru. The contracts were all negotiated in good faith, complete, and extremely detailed. The materials that were quoted were top shelf and have the best quality. Most importantly to me was your service after the sale, your company backed up what it sells and responded to any problems in a timely manner. I would not hesitate to use your company for any of my future marina project needs.

Thank You
Frank Donohue
